16. Contact & Escalation
17. Annexes & Templates
18. How to Request the Full Pack

1. Executive Summary

This Compliance Pack provides buyers and partners with the documentation, policies, and templates necessary to evaluate, transact, and take delivery of gold sourced and supplied by Diamond Capital Africa (DCA).

It is intended for institutional buyers, refiners, compliance officers, and logistics partners operating in Africa and internationally.

Contents: company credentials, KYC templates, chain of custody & origin verification, assay examples, compliance procedures (AML/sanctions), export documentation, insurance & logistics, quality control, responsible sourcing policy, pricing & settlement terms, dispute resolution, fraud prevention, certifications, and annexed templates.

DCA operates under Ugandan law and adheres to internationally recognised standards including the OECD Due Diligence Guidance for Responsible Mineral Supply Chains and LBMA Responsible Gold Guidance where applicable.

2. Company Credentials

Field	Details
Registered business name	Diamond Capital Africa
Primary jurisdiction	Uganda
Regional presence	Congo (DRC)
Compliance email	compliance@diamondcapitalafrica.com
Sales email	info@diamondcapitalafrica.com
Phone	+256 704 833 021
Mineral trading licence	Uganda Minerals & Mining License (UG-MIN) — available to verified buyers on request
Business type	Gold sourcing, verification, and export

Key officers (details on request):

- Compliance Officer
- Operations Manager
- Head of Procurement

DCA sources, verifies, and exports gold using independent accredited assayers and insured logistics partners. Scanned licence copies or verifiable links are provided to verified buyers upon completion of mutual KYC.

3. KYC & Onboarding

3.1 Purpose

To ensure that both buyer and seller meet legal and AML requirements before any transaction is initiated. DCA will not initiate a trade with any party that has not completed and passed KYC review.

3.2 Required Documents — All Counterparties

For corporate entities:

- Certificate of incorporation
- Ultimate Beneficial Owner (UBO) declaration (all UBOs >= 10% owners)
- Latest proof of registered address (not older than 3 months)
- Authorised signatory list and certified ID copies for each signatory
- VAT / tax registration certificate (if applicable)
- Banking details and bank reference letter from a preferred correspondent bank
- Purpose of purchase / end-use declaration (on company letterhead)

For individuals:

- Government-issued ID (passport preferred)
- Proof of residential address (not older than 3 months)
- Source of funds declaration
- Purpose of purchase declaration

3.3 KYC Checklist Template

Entity name:
Registration number:
Jurisdiction of incorporation:
UBO(s) – names and % ownership:
Authorised signatories:
Primary contact (name, title, email, phone):
Public sanctions screening completed (yes/no):
Adverse media screening completed (yes/no):
Uploaded documents: [list all uploaded with date]
KYC reviewer:
Date of review:
Next review date:
Status: [Approved / Pending / Rejected]

3.4 Ongoing Monitoring

KYC is reviewed at least annually for active counterparties and immediately upon any trigger event (sanctions list update, adverse news alert, change in UBO, or unusual transaction pattern). DCA reserves the right to suspend trading pending re-verification.

3.5 Politically Exposed Persons (PEPs)

Any counterparty identified as a PEP or close associate of a PEP is subject to mandatory Enhanced Due Diligence (EDD) before onboarding approval can be granted.

4. Chain of Custody & Origin Verification

DCA maintains documented provenance for each lot sourced from point of acquisition through to delivery to the buyer.

4.1 Step-by-Step Process

1. Supplier due-diligence form (signed) — supplier identity, mine or area of origin, payment history, and local permit verification.
2. Lot registration — a unique lot ID (format: DCA-LOT-YYYY-NNN) is assigned and logged in DCA's internal register at the point of procurement.
3. Custody transfer receipts — signed handoff documents completed at DCA procurement ! secure holding ! assay lab ! packing ! logistics.
4. Assay sampling — samples collected under chain-of-custody seals with unique sample identifiers prior to dispatch to the assay lab.
5. Packing list and custody manifest — accompany every dispatch.
6. Photographic record — photographs taken at packing stage and retained for minimum 7 years.

4.2 Supplier Due-Diligence Checklist

Supplier name:
Supplier registration number (if applicable):
Type: [Artisanal / Small-scale / Industrial mine]
Local mining permit or artisanal association membership:
GPS coordinates of origin (if available):
Copies of local transport permits (attached y/n):
Photographs of lot and packaging (attached y/n):
Conflict screening assessment: [Low / Medium / High risk]
Date of assessment:
Assessed by:

4.3 High-Risk Origin Protocol

Where origin is from a region flagged as elevated-risk (e.g. eastern DRC conflict-affected zones), DCA applies additional controls:

- Independent third-party site visit report (where feasible)
- Cross-referencing with IPIS or PRADD mine databases
- Escalation to senior management for approval before procurement

5. Assay & Testing

5.1 Assaying Process Summary

All gold lots sourced by DCA are subject to independent laboratory assay prior to offering to buyers. Samples are collected under chain-of-custody controls and dispatched to laboratories holding ISO/IEC 17025 accreditation. Results are reported on signed lab certificates identifying the lot, method, purity, and analyst.

5.2 Accepted Assay Methods

Method	Typical Accuracy	Notes
Fire assay (gravimetric)	±0.01%	Gold standard for Au purity
XRF (X-ray fluorescence)	±0.1–0.5%	Faster; screening use
ICP-OES	±0.05%	Used for trace element analysis

DCA recommends fire assay for all contract-grade determinations. XRF is used for preliminary screening only.

5.3 Sample Assay Report (Anonymised)

Assay Report

Lab: Accredited Assay Services Ltd.
Report ID: AR-2026-0001
Client: Diamond Capital Africa
Lot ID: DCA-LOT-2026-001
Method: Fire assay (Au by gravimetric)
Result: 99.95% Au
Sample mass: 50 g
Date issued: 2026-05-01
Analyst: [Name and signature]
Accreditation: ISO/IEC 17025 (scope: precious metal assay – attached)

5.4 Interpretation Guidance for Buyers

- Compare reported purity against contract specifications before confirming settlement.
- Account for assay method variance: fire assay results may differ from XRF by up to 0.5%.
- DCA strongly recommends independent re-assay on receipt for:
 - First shipment from a new seller
 - Any lot above USD 100,000 in value
 - Any shipment where tamper-evident seals show signs of interference

6. Compliance Procedures (AML, Sanctions, Record-Keeping)

6.1 AML Policy Summary

DCA maintains a formal Anti-Money Laundering policy reviewed annually. Key principles:

- All counterparties are screened against OFAC, UN Consolidated List, EU Consolidated List, and INTERPOL red notices at onboarding and before each shipment.
- Transactions above defined monetary thresholds trigger Enhanced Due Diligence (EDD). Current thresholds align with Ugandan Financial Intelligence Authority (FIA) regulations.
- All trade records are archived for a minimum of 7 years.
- Suspicious Activity Reports (SARs) are filed with the Uganda Financial Intelligence Authority and, where required, with relevant international bodies.
- DCA does not transact in cash for amounts above the regulatory threshold.

6.2 Sanctions & Screening Workflow

Step 1: Counterparty name/entity input into screening database
Step 2: Automated scan against OFAC, UN, EU, local FIA lists
Step 3: Results reviewed – clear / possible match / confirmed match
Step 4: Confirmed match !' transaction blocked ;
Step 5: Possible match !' manual review ; EDD in
Step 6: Pre-shipment re-screen for all active trades
Step 7: Result logged with reviewer name and date

6.3 Enhanced Due Diligence (EDD) Triggers

EDD is applied when any of the following are present:

- Transaction value exceeds USD 50,000 (or local currency equivalent)
- Counterparty is a PEP or close associate
- Counterparty is in a high-risk jurisdiction (FATF grey/black list)
- Transaction structure appears unusual or lacks clear commercial rationale
- Adverse media identified during screening

6.4 Record Retention

Document type	Minimum retention period
KYC documents	7 years post-relationship end
Transaction invoices	7 years
Shipping and customs documents	7 years
Assay reports	7 years
Custody logs and manifests	7 years
Screening records	7 years
SAR filings	7 years (restricted access)

Records are stored securely with role-based access controls. Copies are available to auditing buyers under NDA.

7. Export & Customs Documentation

7.1 Standard Documents Provided Per Shipment

Document	Description
Commercial invoice	Lot ID, weight, unit price, total, Incoterms, payment terms
Packing list	Contents, weights, packaging description, lot reference
Certificate of origin	Signed declaration of mine/region origin
Assay certificate(s)	Signed lab report confirming purity
Export permit	Issued by Uganda Ministry of Energy and Mineral Development (where required)
Customs declaration	As required by destination jurisdiction
KYC compliance reference	Summary reference to completed buyer and seller KYC

7.2 Export Regulatory Notes

- Uganda: gold exports require a valid export permit from the Ministry of Energy and Mineral Development (MEMD). DCA manages this process for all export lots.
- UAE/Dubai: imports must meet DMCC Good Delivery or equivalent standards for formal exchange. DCA can supply assay-backed doré bars for refining.
- European Union: imports subject to EU Conflict Minerals Regulation (Regulation 2017/821) — DCA maintains OECD-aligned due diligence documentation to support buyers' compliance.
- All buyers are responsible for compliance with import regulations in their own jurisdiction. DCA provides documentation but does not give legal advice.

8. Insurance & Logistics

8.1 Insurance Coverage

- Shipments are insured for full replacement value from point of dispatch to delivery to buyer's nominated address.
- Insurance is arranged through reputable insurers with gold and precious metals expertise.
- All buyers receive a copy of the insurance certificate prior to dispatch.
- Buyers may request an insurance certificate naming themselves as additional insured at their own cost.

8.2 Claims Process

1. Notify DCA (compliance@diamondcapitalafrica.com) and the insurer within 24 hours of loss, damage, or tamper evidence.
2. Preserve all packaging, tamper-evident seals, and shipping documents — do not dispose of any materials.
3. Submit a written incident report to DCA with photographs.
4. Cooperate with insurer's inspection and investigation.
5. DCA will co-ordinate the claim process on behalf of the insured parties.

8.3 Logistics Partners

All logistics partners used by DCA meet the following criteria:

- Licensed and bonded for precious metals transport
- Documented internal chain-of-custody procedures
- Insured for full replacement value
- Subject to DCA due-diligence review prior to engagement

DCA uses dedicated secure couriers and vault-to-vault transfers where applicable. Air freight is used for international shipments above a defined value threshold.

9. Quality Control & Inspection

9.1 Pre-Shipment Checklist

Lot ID confirmed and matched to assay report:	[]
Assay report date within acceptable window:	[]
Tamper-evident packaging applied and serial recorded:	[]
Custody manifest signed by packing handler:	[]
Photographic evidence of packed goods attached:	[]
Weight verified against assay sample records:	[]
Insurance certificate issued:	[]
Export permit confirmed (if applicable):	[]
Buyer KYC current and approved:	[]
Pre-shipment sanctions re-screen completed:	[]
Approved by (name & date):	

9.2 On-Receipt Recommendations for Buyers

- Inspect tamper-evident seals and compare serial numbers against dispatch documentation before opening.
- Weigh the shipment and compare to the packing list.
- Commission independent re-assay (especially for first shipment or high-value lots).
- Photograph any irregularities immediately and notify DCA within 24 hours.
- Do not process or refine the lot until any dispute is resolved.

10. Certifications & Third-Party Audits

DCA aligns its operations with the following standards and frameworks:

Standard / Framework	Relevance
OECD Due Diligence Guidance (5th Edition)	Responsible mineral supply chains
LBMA Responsible Gold Guidance	Good delivery and responsible sourcing
ISO/IEC 17025	Assay laboratory accreditation
Uganda Minerals & Mining Act	National regulatory compliance
FATF Recommendations	AML/CFT baseline compliance

Copies of third-party certificates (lab accreditation, export licences) are provided to verified buyers under NDA. DCA undergoes periodic internal compliance audits and is committed to transitioning to third-party external audits as operational scale warrants.

11. Conflict Minerals & Responsible Sourcing

11.1 Policy Statement

DCA is committed to responsible sourcing and will not knowingly purchase or facilitate the sale of gold that finances armed groups, involves child labour, or originates from illegally operated mines. This commitment is embedded in supplier due diligence, procurement contracts, and ongoing monitoring.

11.2 OECD Alignment

DCA's due diligence process follows the five-step OECD framework:

1. Establish strong company management systems (internal policy, supply chain mapping).
2. Identify and assess risks in the supply chain.
3. Design and implement a strategy to respond to identified risks.
4. Carry out independent third-party audit of supply chain due diligence (in progress; prioritised for high-volume operations).
5. Report annually on supply chain due diligence (internal; available to buyers on request).

11.3 Supplier Contractual Obligations

All DCA suppliers are contractually required to:

- Disclose mine or origin location and provide supporting permits.
- Confirm no use of child labour in extraction or processing.
- Confirm no sale of gold to armed groups or militias.
- Accept DCA site visits or third-party audit referrals.

Breach of these obligations is a ground for immediate contract termination and referral to relevant authorities.

12. Pricing & Settlement

12.1 Pricing Basis

Gold is priced by reference to the London Bullion Market Association (LBMA) Gold Price AM or PM fix on the agreed valuation date, adjusted for:

- Purity (as determined by agreed assay method)
- Weight (troy ounces)
- Applicable discount or premium negotiated in the Sales & Purchase Agreement (SPA)

DCA provides a formal price indication sheet upon request for indicative purposes only. Binding prices are set in the executed SPA.

12.2 Standard Payment Terms

Term	Description
Deposit	30% of total contract value, payable upon SPA execution
Balance	70% payable against presentation of shipping documents and assay certificate
Currency	USD (preferred); alternatives by agreement
Payment method	Bank-to-bank wire transfer only — no crypto, no cash above regulatory threshold
Late payment	Interest on overdue amounts at 2% per month

DCA will not release shipments until deposit is received and cleared. Buyers are advised to engage their own legal counsel before executing any SPA.

12.3 Escrow Option

For first-time buyers or high-value transactions, DCA recommends transacting through a mutually agreed escrow agent. DCA can provide a list of preferred escrow providers upon request.

13. Dispute Resolution & Arbitration

13.1 Escalation Process

1. Raise the dispute in writing to compliance@diamondcapitalafrica.com with full supporting documentation.
2. DCA acknowledges receipt within 24 hours and assigns a case reference.
3. DCA proposes a resolution within 5 business days of acknowledgement.
4. If unresolved, parties enter a 15-day good-faith negotiation period.

13.2 Arbitration

If good-faith negotiation does not resolve the dispute, either party may refer the matter to:

- The Uganda Centre for Arbitration and Dispute Resolution (UCADR) — for Uganda-based disputes
- The London Court of International Arbitration (LCIA) — for international disputes (as specified in the SPA)

Governing law: Ugandan law (unless otherwise specified in the SPA for international transactions).
Proceedings conducted in English.

13.3 Preservation of Rights

Initiation of dispute resolution proceedings does not suspend either party's obligation to preserve documentation, samples, or shipment materials relevant to the dispute.

14. Data Protection & Confidentiality

- DCA stores KYC, transaction, and shipping data with role-based access controls and encryption at rest.
- Personal and corporate data is used exclusively for compliance, transaction processing, and regulatory reporting purposes.
- Data is not shared with third parties except where required by law or with buyer's explicit consent.
- Buyers may request a summary of data held about them at any time.
- Mutual NDAs are available for buyers requesting full documentation packages.
- DCA's data retention periods align with AML regulatory requirements (minimum 7 years post-transaction).

15. Fraud Prevention & Red Flag Policy

The gold trade in Africa is a high-fraud environment. DCA has a zero-tolerance policy for facilitation of fraud and maintains the following red-flag controls:

15.1 Common Fraud Patterns in the Gold Trade

Buyers and sellers are advised to be alert to:

Red Flag	Description
Advance fee requests	Requests for upfront "fees", "taxes", or "insurance bonds" before goods are released
Unverifiable documentation	Licences or assay reports that cannot be independently verified
Pressure tactics	Artificial urgency to transact quickly without standard due diligence
Unrealistic pricing	Gold offered at more than 5–10% below spot price with no credible explanation
Offshore or unidentified intermediaries	Multiple layers of brokers with no clear principal
Requests to bypass banking	Requests for cash, cryptocurrency, or hawala payments
Inconsistent origin stories	Origin documentation that changes across communications

15.2 DCA's Internal Controls

- No staff member is authorised to request or receive advance fees from buyers.
- All payment instructions are issued only on DCA letterhead by the compliance officer with dual authorisation.
- Buyers should verify any change of bank account details by telephone (using a number independently obtained, not from the email requesting the change) before making any payment.
- DCA will never request payment to a personal bank account.

15.3 Reporting Suspected Fraud

If you suspect you are the target of a fraud using DCA's name or documentation, contact:

- compliance@diamondcapitalafrica.com immediately
- Uganda Police Force — Serious Fraud Unit
- Interpol National Central Bureau (Uganda): +256 41 423 1796

DCA actively co-operates with law enforcement in fraud investigations.

16. Contact & Escalation

Role	Contact
Compliance Officer	compliance@diamondcapitalafrica.com

Sales & Enquiries	info@diamondcapitalafrica.com
Phone	+256 704 833 021

Escalation steps for disputes or incidents:

1. Contact sales and compliance by email with full documentation and a clear description of the issue.
2. DCA acknowledges within 24 hours and opens an incident reference.
3. Initial investigation and proposed remedy within 5 business days.
4. If unresolved, refer to arbitration process (Section 13).

17. Annexes & Templates

Annex A — Certificate of Origin (Template)

Certificate of Origin

Exporter: Diamond Capital Africa
 Exporter address: [Registered address, Uganda]
 Consignee: [Buyer name and address]
 Lot ID: [DCA-LOT-YYYY-NNN]
 Description: Gold doré / refined bars
 Gross weight: [kg]
 Net weight (Au): [troy oz]
 Origin: [Mine / Region / Country]

Declaration:

I, the undersigned, hereby certify that the goods described above originate from the stated source and that all information contained herein is true and correct to the best of my knowledge.

Name & Title: _____
 Signature: _____
 Date: _____
 Company seal: [Affix]

Annex B — Sample Commercial Invoice

Invoice No: INV-2026-0001
 Date: [Date]

Exporter: Diamond Capital Africa
 [Address], Uganda
 compliance@diamondcapitalafrica.com

Consignee: [Buyer name and full address]

Lot ID: DCA-LOT-2026-001
 Description: Gold bars – [purity]% Au
 Gross weight: [kg]
 Net Au weight: [troy oz]
 Unit price: USD [LBMA PM fix date X] per troy oz × [discount/premium factor]
 Subtotal: USD [amount]
 Freight/Insurance: [if applicable]
 Total: USD [total]

Incoterm: [CIF / FOB / EXW] – [named place]
 Payment terms: 30% deposit on SPA execution; 70% balance against shipping docs
 Bank details: [Bank name, account name, account no, SWIFT, branch]

This invoice is issued subject to the Sales & Purchase Agreement dated [date].

Annex C — KYC / UBO Declaration (Template)

KYC / UBO Declaration

Entity name: [Company name]
Registration number: [Number and jurisdiction]
Date of incorporation: [Date]
Registered address: [Address]

Ultimate Beneficial Owner(s):

UBO 1: [Full name], [Nationality], [DOB], [% ownership]
UBO 2: [Full name], [Nationality], [DOB], [% ownership]
(Attach certified ID copies for each UBO)

Authorised signatories:

Signatory 1: [Full name, title]
Signatory 2: [Full name, title]
(Attach certified ID and authorisation document)

Purpose of transaction: [Description of end use]
Source of funds: [Description]

Declaration:

I confirm that the information provided above is accurate and complete.
I understand that false declarations may result in termination of the business relationship and referral to relevant authorities.

Declared by: _____
Name & Title: _____
Date: _____
Entity seal: [Affix]

Annex D — Insurance Certificate (Template)

Insurance Certificate

Insurer: [Insurer name and contact details]
Policy number: [Number]
Insured party: Diamond Capital Africa / [Buyer name as additional insured]
Subject matter: Gold shipment – Lot ID [DCA-LOT-YYYY-NNN]
Coverage type: All-risks, full replacement value
Insured value: USD [amount]
Coverage period: [Dispatch date] to [Confirmed delivery date]
T r a n s i t r o u t e : [O r i g i n] ! ' [D e s t i n a t i o n]
Mode of transport: [Air / Road / Courier]

Claims contact:
Insurer claims line: [Phone]
Claims email: [Email]
Claims process: Notify within 24 hours; preserve packaging; DCA co-ordinates.

Signed: _____
Name & Title: _____
Date: _____
Insurer seal: [Affix]

Annex E — Assay Report (Anonymised Example)

See Section 5 for full sample assay content and interpretation guidance.

Annex F — Sales & Purchase Agreement (SPA) Key Clauses Summary

A full SPA template is available to verified buyers on request. Key clauses include:

Clause	Description
Parties	DCA and buyer — full legal names, registration numbers, addresses
Lot description	Lot ID, weight, estimated purity, origin
Pricing	LBMA fix reference, date, premium/discount, final price mechanism
Payment	Deposit %, balance trigger, wire transfer details, late payment interest
Delivery	Incoterm, named place, delivery date
Title and risk	Transfer of title and risk at [delivery point] against full payment
Assay dispute	48-hour window for buyer to commission re-assay; umpire assay process

Force majeure	Definition, notification period, effect on obligations
Governing law	Uganda / [International]
Arbitration	UCADR / LCIA reference

Annex G — Glossary & References

Term	Definition
AML	Anti-Money Laundering
DCA	Diamond Capital Africa
EDD	Enhanced Due Diligence
FIA	Financial Intelligence Authority (Uganda)
Incoterm	International Commercial Term (e.g., FOB, CIF, EXW) — ICC standard
ISO/IEC 17025	International standard for testing and calibration laboratory competence
KYC	Know Your Customer
LBMA	London Bullion Market Association
LCIA	London Court of International Arbitration
MEMD	Ministry of Energy and Mineral Development (Uganda)
OECD Guidance	OECD Due Diligence Guidance for Responsible Mineral Supply Chains (5th Ed.)
PEP	Politically Exposed Person
SAR	Suspicious Activity Report
SPA	Sales & Purchase Agreement
Troy ounce	Standard unit of mass for precious metals = 31.1035 grams
UBO	Ultimate Beneficial Owner
UCADR	Uganda Centre for Arbitration and Dispute Resolution

18. How to Request the Full Pack

For full, signed certificates, scanned licences, redacted case studies, and the full SPA template, contact:

compliance@diamondcapitalafrica.com

We provide certified documents after buyer verification and, where required, execution of a mutual NDA. Standard turnaround for verified buyers: 2 business days.

This pack is a general compliance guide and does not constitute legal, financial, or regulatory advice. Buyers and partners are responsible for conducting their own independent due diligence and ensuring compliance with applicable laws in their own jurisdictions before transacting.

Diamond Capital Africa — Version 1.1 — May 2026
